[System-on-a-programmable-chip development platforms in the classroom- *gatech.edu \[PDF\]](#)TS Hall, JO Hamblen - IEEE transactions on Education, 2004 - [ieeexplore.ieee.org](#)... Cypress's Programmable-**System-on-a-Chip (PSoC)** is formed on an M8C pro- cessor core with configurable logic blocks designed to implement the peripheral ...[Cited by 30](#) - [Related articles](#) - [Bib. Direct](#) - [All 7 versions](#)[Power system on a chip \(PSoC\): analog emulation for power system applications- *129.25.60.37 \[PDF\]](#)C Nwankpa, A Deese, Q Liu, AS Leger, J ... - IEEE Power Engineering Society General Meeting, ..., 2006 - [ieeexplore.ieee.org](#)... The goal is to develop a computational tool we refer to as a Power **System on a Chip (PSoC)**. ... Power **System on a Chip (PSoC)**: Analog ...[Cited by 4](#) - [Related articles](#) - [All 9 versions](#)[Magnetics on silicon: an enabling technology for power supply on chip](#)SCO Mathuna, T O'Donnell, N Wang, K Rinne - IEEE Transactions on Power Electronics, 2005 - [ieeexplore.ieee.org](#)... mag- netics-on-silicon, presents an opportunity to create the ultimate solution, a chip-scale, power **system-on-a-chip** or power supply-on-a-chip (**PSOC**), a chip ...[Cited by 29](#) - [Related articles](#) - [All 3 versions](#)[An autonomous implantable computer for neural recording and stimulation in unrestrained ...](#)

J Mavoori, A Jackson, C Diorio, E Fetz - Journal of neuroscience methods, 2005 - Elsevier

... Fig. 2(b)). This signal passes to one input of a Programmable **System-on-a-Chip (PSoC CY8C27443** from Cypress Semiconductor). This ...[Cited by 29](#) - [Related articles](#) - [All 3 versions](#)[Probabilistic system-on-a-chip architectures- *psu.edu \[PDF\]](#)LN Chakrapani, P Korkmaz, BES Akgul, KV ... - 2007 - [portal.acm.org](#)... and statistical designs in this article: a novel family of probabilistic architectures which we refer to as probabilistic **system- on-a-chip** (or **PSOC**). ...[Cited by 11](#) - [Related articles](#) - [Bib. Direct](#) - [All 4 versions](#)[Ultra-efficient \(embedded\) SOC architectures based on probabilistic CMOS \(PCMOs\) ... - *date-conference.com \[PDF\]](#)LN Chakrapani, BES Akgul, S Cheemalavagu ... - Proceedings of the conference on Design, automation ..., 2006 - [portal.acm.org](#)... technology (A 2 T) co-design method- ology introduced here, yielding an entirely novel family of probabilistic **system-on-a-chip (PSOC)** architectures. ...[Cited by 18](#) - [Related articles](#) - [All 14 versions](#)

[\[PDF\] •Remote and Partial Reconfiguration of FPGAs: tools and trends](#)

D Mesquita, F Moraes, J Palma, L Moller, N ... - International Parallel and Distributed Processing ..., 2003 - Citeseer
... gates per device made possible to implement complete systems on a single integrated circuit, namely SOC – **System-on-a-Chip**. ... SPL A S H2 F I **PSOC** TR U M P E T ...
[Cited by 39](#) - [Related articles](#) - [View as HTML](#) - [All 7 versions](#)

[Probabilistic CMOS technology: A survey and future directions- •rice.edu \[PDF\]](#)

BES Akgul, LN Chakrapani, P Korkmaz, KV ... - Very Large Scale Integration, 2006 IFIP International ..., 2006 -
ieeexplore.ieee.org
... fab-rication and measurement, as well as innovative approaches to harnessing
PCMOS devices in **system-on-a-chip** architectures which ...
[Cited by 8](#) - [Related articles](#) - [All 5 versions](#)

[\[PDF\] •Realizing ultra-low energy application specific soc architectures through novel ...](#)

KV Palem, LN Chakrapani, BES Akgul, P ... - Proceedings of The International Conference on Solid ..., 2005 - www-
static.cc.gatech.edu
... formance benefits. 2. We demonstrate a methodology to use PCMOS devices in
probabilistic **system-on-a-chip** (PSoC) architectures. 3. We ...
[Cited by 3](#) - [Related articles](#) - [View as HTML](#) - [All 2 versions](#)

[RtrASSoc: an adaptable superscalar reconfigurable system-on-chip. The simulator- •psu.edu \[PDF\]](#)

JL Silva, RM Costa, GHR Jorge - System-on-Chip for Real-Time Applications, 2003. ... - ieeexplore.ieee.org
... Rectangle), it is possible to produce an embedded **PSOC** system for ... Layout of
Domain-Specific Reconfigurable Subsystems for **System- on-a-Chip**" - 10 th ACM ...
[Cited by 2](#) - [Related articles](#) - [All 5 versions](#)
